

# SAVEONE

Helping men, women, and families  
recover after an abortion.

**SaveOne** is a life-saving and life-changing ministry dedicated to helping men, women, and loved ones recover spiritually, mentally, and emotionally after an abortion.

Whether you have chosen abortion personally, lost a child to abortion, or your life has been profoundly affected by abortion, **SaveOne** is here to share God's love, healing, and forgiveness after abortion.

We believe that through YOUR healing and abortion recovery and the healing of others just like you, we will see abortion end in our country and around our world.

## For Those Suffering From Abortion

### For Men

At SaveOne, we know the abortion issue is just as much a man's issue as it is a woman's. The child was his too. We recognize the pain of lost fatherhood and welcome men back into the discussion where they belong. Your grief is valid, and we will walk through it with you.

### For Women

We were never created to make life and death decisions for our own children. That's why the God-sized consequences that come after the choice of abortion are so difficult to work through. As mothers, we do not have the spiritual, mental, or emotional makeup to deal with such a choice. Your grief is valid, and we will walk through it with you.

### For Families and Loved Ones

We see siblings, grandmothers, and even friends of aborted children try to deal with the grief this one choice causes. You finally have a safe place to deal with the pain your loved one's abortion caused. Your grief is valid, and we will walk through it with you.

### For Those Who Are Ready to Help

SaveOne provides a tool to address the abortion issue from a place of love and acceptance. Churches, pregnancy centers, and stand-alone ministries are recognizing that SaveOne affords them an opportunity to speak about abortion without bringing politics or controversy into the subject. There are vast numbers of people in our lives every day who are suffering in silence. You can open an avenue of healing to be that safe place where men, women, and families can deal with the pain of a past abortion.
